

We don't like to think about it, but sudden, unexpected accidents or illnesses do happen, and trying to find and pay for adequate medical attention can be difficult when you are abroad.

Health care costs around the world can be very expensive. Hospitals can charge thousands of dollars per day. Your health plan may or may not cover a minute portion of these costs. Without adequate insurance coverage you could be responsible from dollar one, which could create a massive impact on your personal finances. Why take the risk?
